Welcome to LTTTS- STEPIn Programme

Dear Candidate,

Warm greetings,

We hope that you are in good health and staying safe.

L&T Technology services (LTTTS) is in the midst of significant technological changes and growth plan. Our organization fervently believes in continuous learning as a culture for all-round development of individuals.

We are happy to launch of a very unique programme called "LTTTS-STEPIn" designed to make young engineers like you to be LTTTS ready. All the Technical Educational Initiatives at LTTTS are delivered by a strategic unit called "Global Engineering Academy"(GEA). STEPIn program is a critical initiative with focused involvement from LTTTS management to assist each one of you to get better prepared to be more successful in organization and individual growth. The program will be driven through digital platforms and guided learning from LTTTS Subject Matter Experts (SMEs) and Business Unit (BU) mentors.

STEPIn programme with it's uniqueness will kindle the learning capability in you accompanied by applying and customizing the processes, tools, programming approach for providing solutions to customer projects adhering to LTTTS standards.

Learning paths of STEPIn program that you will be part of:

- Guided Learning Technical courses with Hands-on Projects
- Culture of Organization and Professional Courses
- Theme based Learning on Latest Technologies

Calendars for each of the above tracks will be release separately. During this program you will be have the opportunity to access some of the LTTTS nature of work, tools, technology, projects and much more. Attendance will also be part this program to check your application of learnings. We have already connected and discussed, more connects & sessions to follow.
