INTELLECTUAL PROPERTY

Co-ordinated by :
Dr. Subratha Chowdary
Assistant Professor,
Department of MCA

Dr. G. Priya
Associate Professor,
School of Computer Science & Engineering
Vellore Institute of Technology, Vellore, Tamil
Nadu

Two Days Workshop on
Date: 12th & 13th March, 2021
Time: 2.30 P.M. – 4.00 P.M.

Introduction to IPR

Intellectual property rights (IPR) refers to the legal rights given to the inventor or creator to protect his invention or creation for a certain period of time. These legal rights confer an exclusive right to the inventor/creator or his assignee to fully utilize his invention/creation for a given period of time.

Learning objectives

- Understanding, defining and differentiating different types of intellectual properties (IPs) and their roles in contributing to organizational competitiveness.
- Understanding the Framework of Strategic Management of Intellectual Property (IP).
- Appreciating and appraising different IP management (IPM) approaches and describing how pioneering firms initiate, implement and manage IPM programs,
- Explaining how to derive value from IP and leverage its value in new product and service development
- Exposing to the Legal management of IP and understanding of real life practice of IPM.

A Report on Two-Day Workshop on “Intellectual Property Rights”

organized by Department of MCA

12th & 13st March 2021.

The Department of MCA conducted an Awareness Programme, as a part of the programme Mrs.G.Priya, Associate Professor, VIT, was invited to deliver a session in the Awareness Programme on IPR. The programme covered all vital IP topics including international filing procedures, promotion of Geographical Indications and highlighting the ill effects of piracy and counterfeiting.

Day1:The resource person introduced Intellectual Property Rights awareness as vital to generation of IPRs and Commercialization of IPRs which is why **IPR Awareness: Outreach and Promotion** must be a foremost objective in the organizations. Mrs. G. Priya, Associate Professor, VIT explained that academicians and students have to be sensitized and update themselves with the latest IP laws. A stimulated and well established IPR system will lead to foster creativity and innovation and thereby, promote entrepreneurship and enhance socio-economic and cultural development that shall in turn focus on enhancing access to healthcare, food security and environmental protection.

The resource person also detailed on various benefits of IPR and its long-standing objectives. Mrs. G. Priya also elaborated that government and National IPR policy are striving hard in creating IPR Awareness that is critical to shaping an environment conducive to IP and ensuring we respect each other's IP. For this, DIPP has approved and sanctioned the 'Scheme for IPR Awareness' for conducting awareness workshops/seminars in schools, universities, industry clusters and training & sensitization programmes in enforcement agencies and the Judiciary.

Day2:The session went about with the resource person explaining the procedure to obtain Design and emphasizing the different classifications of

design, Design Search and the cost involved in it. Mrs. G. Priya also explained the procedure to obtain copyright and emphasized the types of copyright work and cost involved in it, the procedure to obtain trademark and emphasized the different classifications of trademark, trademark Search and cost involved in it. The resource person concluded the session after explaining the career opportunities available for students and graduates in IP field as a Patent Analyst, Patent drafter etc., Patent examiner – Qualification and Examination pattern, Patent Agent -Qualification and Examination pattern and Entrepreneur – IP Service provider.

Resource Person : Mrs. G. Priya, Associate Professor, VIT
Vellore , Tamil Nadu

Target Audience : MCA Students

Co-ordinated by :

Mr. A.M.Rangaraj
Assistant Professor,
Department of MCA

Two Days Workshop on
Date: 20 -21 Aug 2021
Time: 2.30 P.M. – 4.00 P.M.

Introduction to Research Methodology

Research is an academic activity and as such the term should be used in a technical sense. According to Clifford Woody research comprises defining and redefining problems, formulating hypothesis or suggested solutions; collecting, organizing and evaluating data; making deductions and reaching conclusions; and at last carefully testing the conclusions to determine whether they fit the formulating hypothesis. D. Steiner and M. Stephenson in the Encyclopedia of Social Sciences define research as “the manipulation of things, concepts or symbols for the purpose of generalizing to extend, correct or verify knowledge, whether that knowledge aids in construction of theory or in the practice of an art.”

Learning objectives

- To gain familiarity with a phenomenon or to achieve new insights into it (studies with this object in view are termed as exploratory or formulative research studies);
- To portray accurately the characteristics of a particular individual, situation or a group (studies with this object in view are known as descriptive research studies);
- To determine the frequency with which something occurs or with which it is associated with something else (studies with this object in view are known as diagnostic research studies);
- To test a hypothesis of a causal relationship between variables (such studies are known as hypothesis-testing research studies)

A Report on Two-Day Workshop on “Research Methodology”

organized by Department of MCA

20th & 21st August 2021.

Details of the Programme: This course was intended for beginners and those looking for research and development. During the above mentioned two days, intensive practical was imparted in different application of data analysis using SPSS with lectures, and software exposures.

Day wise report is as following:

Day 1: The course started with formal inauguration ceremony chaired by The Principal SVCET. Followed by lecture by resource person on Research Methodology and participants were introduced to SPSS software and practical experience on Application of SPSS and various statistical analysis was taught.

Day 2:

Resource Person delivered lecture on Introduction of Other Statistical Techniques which were not taught on first day, different applications of statistical techniques in data analysis in research work. The course formally ended with valedictory function chaired by Prof M.Mohanbabu, Principal, SVCET and distribution of certificates. Participants gave their valuable feedbacks suggesting similar workshops to be organised in future.

Resource Person : Dr. Harish, Assistant Professor, St Joseph College (Autonomous)

A Report on one day online program on “Non-verbal & Visual Communication” Organized by
Department of MCA

PARTICIPANTS: MCA (75 Students)

SPEAKER: Mr. Abhishek, Software Developer ,Upgrade Technologies, Bangalore.

Inaugural Session

The program was inaugurated online on 10-12- 2021 by Mr. Abhishek (Resource Person), Dr. M. Mohan Babu (Principal, Svcet) & Prof. E. Lokanadha Reddy (Vice principal), Mr. Senthil Kumar (HOD MCA) and Mr. M Satish kumar (Coordinator).

The resource person explained that language is deeply embedded in every aspect of our lives. We use it every day, and it is how we interact with the rest of the world. Languages are a universal tool that we utilize to express ourselves when we speak, write or think. He explained that we use words, symbols, signs, and sounds to express our thoughts in our day-to-day communications.

He also explained the importance of facial expressions, Body movement and posture, Gestures Eye contact, Touch, Space, Voice.

At the end of the program, the students asked few questions and the resource person answered them with suitable examples, Mr. N. SendhilKumar also explained the importance of the related program.

A Report on one day online soft skill on “Personality Development” Organized by
Department of MCA

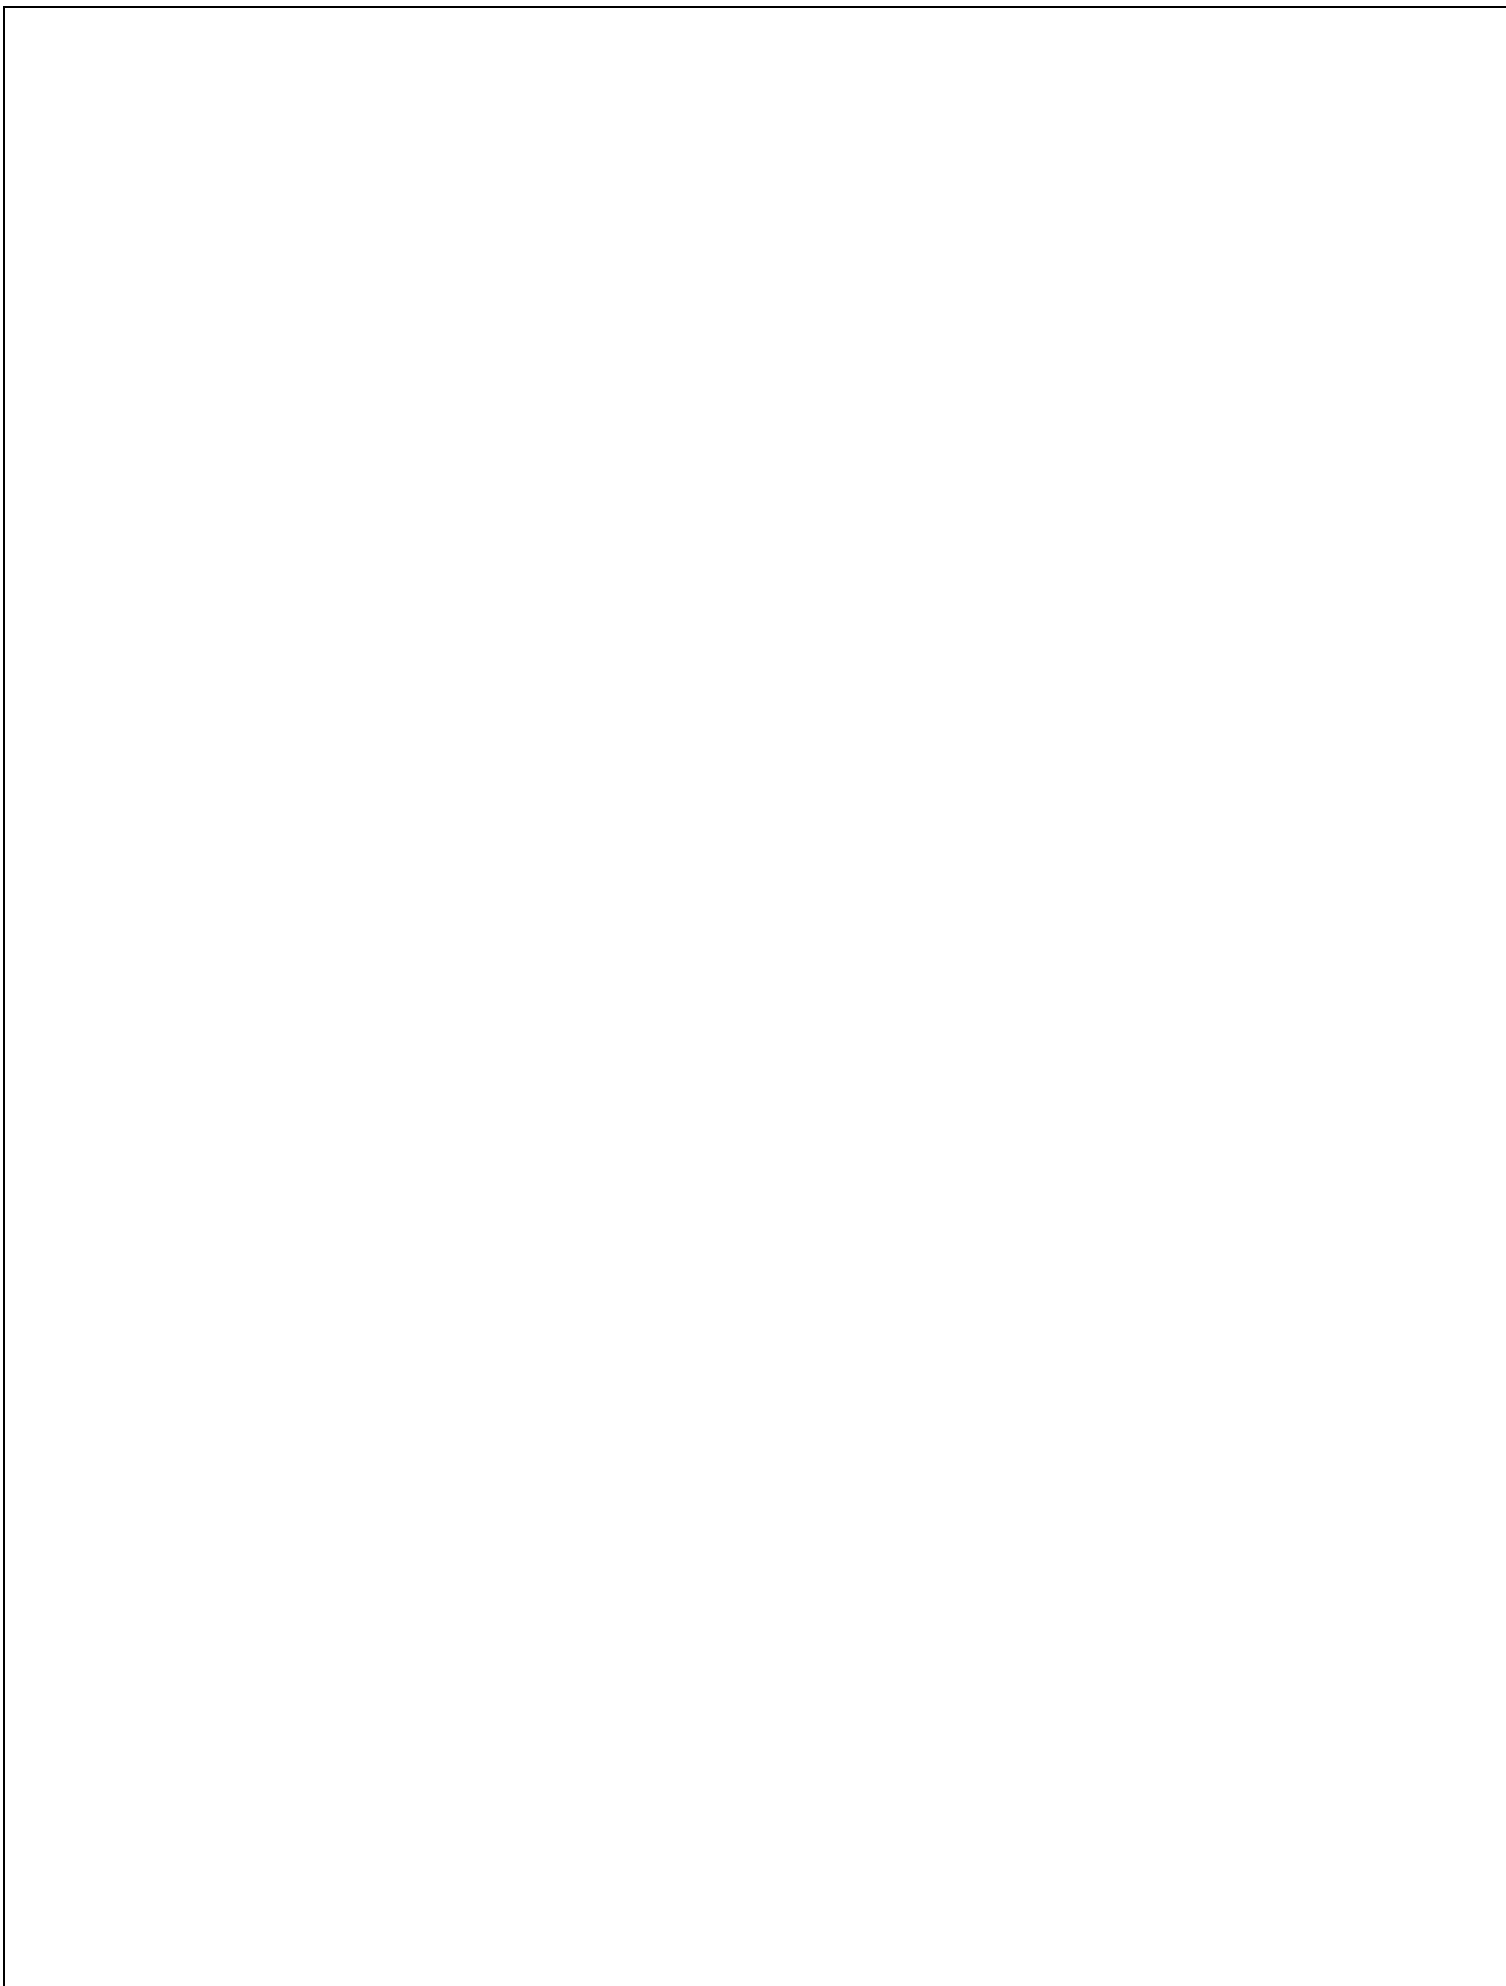

PARTICIPANTS: MCA (100 Students)

SPEAKER : Dr . K Murali Mohan Associate Professor
Department Computer Science & Engineering

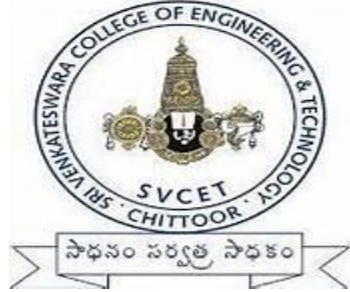

Inaugural Session: The program was inaugurated online on 15 -11- 2021 by Dr K. Murali Mohan (Resource Person), Dr.Mohan Babu (Principal, Svcet) & Prof. E. Lokanadha Reddy (Vice principal) Mr. Sendhil Kumar (HOD MCA) and Mr. M Satish Kumar (Coordinator).

Resource person expressed their view about Personality development is a set of activities, which are intended to develop and improve an individual’s abilities and competence. Personality development builds personal capital, facilitate effective employability It improves quality of life and realization of personal goals and aspirations and facilitate the realization of educational goals and aspirations. It involves the development and implementation of policies that are meant to promote an individual’s capabilities, enhance his/her employability and build on his/her capital. Personality development includes the process of creating personal goals, targets, acquiring the necessary skills, implementing them, realizing these goals, and attaining appropriate means to acquire those goals. It also involves the process of identifying and establishing one’s identity or individuality, defining and measuring personal worth and worthiness.

At the end of the programme, Mr. SendhilKumar shared the importance of personality development and thanked the resource person for his valuable insights.

A Report on one day online Technical skill Enhancement on “Block Chain Management Techniques “ Organized by Department of MCA

PARTICIPANTS :MCA (99 Students)

SPEAKER : Ajankya Lohakare, CEO & Founder of Ditto Security Josh talk and Tedx speaker, Ethical Hacker.

Inaugural Session :

The programme was inaugurated in online on 30 -09- 2021 by hands of Ajankya Lohakare, (Resource Person), Dr.MohanBabu (Principal, Svcet) & Prof. E. Lokanadha Reddy (Vice principal) Mr.N SendhilKumar (HOD MCA) Mr. M Satish kumar (Coordinator).

Resource person discussed about Blockchain is a system of recording information in a way that makes it difficult or impossible to change, hack, or cheat the system.

A blockchain is essentially a digital ledger of transactions that is duplicated and distributed across the entire network of computer systems on the blockchain. Each block in the chain contains a number of transactions, and every time a new transaction occurs on the blockchain, a record of that transaction is added to every participant’s ledger. The decentralized database managed by multiple participants is known as Distributed Ledger Technology (DLT). Blockchain is a type of DLT in which transactions are recorded with an immutable cryptographic signature called a [hash](#).

At the end of the programme, Mr. SendhilKumar share the importance of the related programme.

A Report on one day Life skill “Pre-classical YOGA’ ’Organized by

Department of MCA

PARTICIPANTS: MCA (42 Students)

Trainer : Mrs . Divya Babaji sushumna kriya yoga centre, Hyderabad

Inaugural Session :

The programme was inaugurated in the morning at Smt Lakshmi Devi Memorial auditorium on 18th September 2021 by Mrs. Divya Babaji (Resource Person), Dr Mohanbabu (Principal, Svcet) & Prof. E. Lokanadha Reddy (Vice principal) Mr.N Sendhil Kumar (HOD MCA) and Mr M Satish Kumar (Coordinator).

Programme Outcome

Mrs Divya explained that Yoga is an art of excellent living the principles of Yoga help the practitioners to achieve higher aims of life. It is a lifestyle which regulates ones thought – pattern, Character, and Behaviour and it reflects into our attitude, personality and Designs. The session elaborated that it is a total science of strengthening and improving the physical, mental, and spiritual state of being. The program was designed to focus on these aspects of Yoga which leads the aspirants excel in every aspect of life whether it is related to the physical aspect, intellectual aspect or spiritual aspect. Mrs Divya also explained that the practice of Yoga makes changes in the lifestyle, in the behaviour and transforms the individual in a positive direction.

At the end of the programme Co-ordinator Mr. M Satish Kumar shared the importance of meditation and the program was concluded on a positive note.
