

## YEARLY STATUS REPORT - 2020-2021

### Part A

#### Data of the Institution

<b>Part A</b>	
<b>Data of the Institution</b>	
<b>1.Name of the Institution</b>	Sri Venkateswara College of Engineering and Technology (Autonomous)
• Name of the Head of the institution	Dr. M. Mohan Babu
• Designation	Principal
• Does the institution function from its own campus?	Yes
• Phone No. of the Principal	7729999200
• Alternate phone No.	9581993399
• Mobile No. (Principal)	7729999200
• Registered e-mail ID (Principal)	principal@svcetedu.org
• Address	R.V.S NAGAR
• City/Town	CHITTOOR
• State/UT	ANDHRA PRADESH
• Pin Code	517127
<b>2.Institutional status</b>	
• Autonomous Status (Provide the date of conferment of Autonomy)	06/09/2011
• Type of Institution	Co-education
• Location	Rural

• Financial Status	<b>Self-financing</b>				
• Name of the IQAC Co-ordinator/Director	<b>Dr. E. Lokanadha Reddy</b>				
• Phone No.	<b>7780373131</b>				
• Mobile No:	<b>7780373131</b>				
• IQAC e-mail ID	<b>iqac@svcet.in</b>				
<b>3.Website address (Web link of the AQAR (Previous Academic Year))</b>	<a href="https://svcetedu.org/igqr/svcet-aqar-2019-20">https://svcetedu.org/igqr/svcet-aqar-2019-20</a>				
<b>4.Was the Academic Calendar prepared for that year?</b>	<b>Yes</b>				
• if yes, whether it is uploaded in the Institutional website Web link:	<a href="https://svcetedu.org/academic-calendar/">https://svcetedu.org/academic-calendar/</a>				
<b>5.Accreditation Details</b>					
Cycle	Grade	CGPA	Year of Accreditation	Validity from	Validity to
<b>Cycle 1</b>	<b>A</b>	<b>3.08</b>	<b>12/09/2017</b>	<b>12/09/2017</b>	<b>11/09/2022</b>
<b>6.Date of Establishment of IQAC</b>			<b>17/03/2011</b>		
<b>7.Provide the list of Special Status conferred by Central and/or State Government on the Institution/Department/Faculty/School (UGC/CSIR/DST/DBT/ICMR/TEQIP/World Bank/CPE of UGC, etc.)?</b>					
Institution/ Department/Faculty/School	Scheme	Funding Agency	Year of Award with Duration	Amount	
<b>Institution</b>	<b>2(f)</b>	<b>UGC</b>	<b>23/07/2010</b>	<b>0</b>	
<b>Institution</b>	<b>12(b)</b>	<b>UGC</b>	<b>29/11/2010</b>	<b>0</b>	
<b>Institution</b>	<b>CPE</b>	<b>UGC</b>	<b>30/08/2016</b>	<b>0</b>	
<b>Institution</b>	<b>Autonomous</b>	<b>UGC</b>	<b>11/10/2018</b>	<b>0</b>	
<b>Institution</b>	<b>SIRO</b>	<b>DSIR</b>	<b>01/04/2017</b>	<b>0</b>	
<b>8.Provide details regarding the composition of the IQAC:</b>					
• Upload the latest notification regarding the composition of the IQAC by the HEI	<a href="#">View File</a>				

<b>9.No. of IQAC meetings held during the year</b>	<b>4</b>	
<ul style="list-style-type: none"> <li>• Were the minutes of IQAC meeting(s) and compliance to the decisions taken uploaded on the institutional website?</li> </ul>	<b>Yes</b>	
<ul style="list-style-type: none"> <li>• If No, please upload the minutes of the meeting(s) and Action Taken Report</li> </ul>	No File Uploaded	
<b>10.Did IQAC receive funding from any funding agency to support its activities during the year?</b>	<b>No</b>	
<ul style="list-style-type: none"> <li>• If yes, mention the amount</li> </ul>		
<b>11.Significant contributions made by IQAC during the current year (maximum five bullets)</b>		
<ul style="list-style-type: none"> <li>• Planning and Implementation of online Teaching-Learning Process</li> <li>• Training all the members of faculty and staff in outcome-based accreditation process for NBA and NAAC</li> <li>• Implementation of Outcome based education</li> <li>• Encouraging members of faculty participate in Workshops /seminars /Conferences</li> <li>• Making select faculty with research aptitude apply for Patents</li> </ul>		
<b>12.Plan of action chalked out by IQAC at the beginning of the academic year towards quality enhancement and the outcome achieved by the end of the academic year:</b>		

Plan of Action	Achievements/Outcomes				
Curriculum implementation in line with Outcome based education principles	<ul style="list-style-type: none"> <li>• Rationalization of direct and indirect methods for CO, PO and PSO attainment</li> <li>• Evolving tools for CO, PO and PSO attainments</li> <li>• Evolving strategies for improvement in attaining better student learning outcomes</li> </ul>				
Preparedness for NAAC and NBA	<ul style="list-style-type: none"> <li>• The Institution has submitted Self-Assessment Reports of six Undergraduate programs to NBA for accreditation</li> </ul>				
Introduction of new teaching methods	<ul style="list-style-type: none"> <li>• New online tools and Free and Open-Source Software was used in teaching</li> </ul>				
Enhancing student experiential learning for skill development through field visits and internships	<ul style="list-style-type: none"> <li>• Helped in developing domain specific competencies in students</li> </ul>				
Comprehensive Student training	<ul style="list-style-type: none"> <li>• Increase in number of student placements and internships</li> </ul>				
Faculty development programs	<ul style="list-style-type: none"> <li>• Increase in Domain knowledge and Research competence</li> </ul>				
Academic audit	<ul style="list-style-type: none"> <li>• Performance evaluation of the departments and units of the institution</li> </ul>				
<b>13. Was the AQAR placed before the statutory body?</b>	<b>Yes</b>				
<ul style="list-style-type: none"> <li>• Name of the statutory body</li> </ul>					
<table border="1"> <thead> <tr> <th>Name of the statutory body</th> <th>Date of meeting(s)</th> </tr> </thead> <tbody> <tr> <td>Governing Body</td> <td>23/10/2021</td> </tr> </tbody> </table>		Name of the statutory body	Date of meeting(s)	Governing Body	23/10/2021
Name of the statutory body	Date of meeting(s)				
Governing Body	23/10/2021				
<b>14. Was the institutional data submitted to AISHE ?</b>	<b>Yes</b>				
<ul style="list-style-type: none"> <li>• Year</li> </ul>					

Year	Date of Submission
15/02/2020	15/02/2020

### 15. Multidisciplinary / interdisciplinary

**Vision/Plan:** The institution is offering a range of programs in engineering to offer a broad spectrum of choice to the students. This diverse set of courses are helping the institution to promote the interdisciplinarity. The students are provided an opportunity for studying and mastering other discipline courses through inter disciplinary electives as well as minor courses in other disciplines of engineering. Also, the curriculum is a mix of mathematics, sciences, commerce, management, career development courses, values and ethics, humanities, computer sciences and core engineering. In future, with the possible introduction of Fully Flexible Credit System (FFCS) there is scope for further enhancing the interdisciplinarity. **Institutional Approach:** Already the curriculum of engineering programs offered are embedded with about 10-15% of the courses from science and humanities. **Flexible and Innovative Curricula:** Yes. The Institution offer flexibility in pursuing the program curriculum through Choice Based Credit System (CBCS). Besides this, two socially relevant projects have to be undertaken by the students mandatorily as part of the curriculum. Courses relevant to environment and values and ethics are introduced as credited courses.

**Multiple Entry and Exits:** The institution is providing gap year (break in education) for a maximum of two years where student can pursue his/her interest in entrepreneurship. As per statutory regulations, already students of diploma are entering into second year of engineering. Further multiple entries and exits to offer certificate, diploma, graduation and postgraduation is being planned for future implementation. **Multidisciplinary Research:** The

institution is planning to form a research mentoring committee with the experts from various disciplines of engineering and relevant sciences to guide the research activities of the Institution. Thrust areas of research in engineering, technology, sciences and management will be identified and Research clusters with faculty and students from various relevant

disciplines will be formed to pursue interdisciplinary research Good Practices:

- Offering interdisciplinary electives and open electives
- Minor Degree in other branch of engineering
- Embedding the course curriculum of each program with humanities, sciences and computer programming

#### 16. Academic bank of credits (ABC):

**Initiatives:** The Institution is creating awareness and providing necessary support to all the students to create their account in 'Academic Bank of Credits' **Registration:** Yes. The institution has registered itself under 'Academic Bank of Credits' and will be using

this facility in future regulations to offers programs with multiple entries and exits. **Credit Transfer:** The institution is actively pursuing to collaborate with institutions in top 100 of QS Rankings and Times Higher Education rankings for curriculum delivery, joint research, student exchange and faculty exchange. In the future revision of academic regulations, to keeping up with the commitments of collaborations, credit transfer facility will be

provided.

**Curriculum Design:** The program curriculum design process is as follows:

- The courses are analyzed for the curriculum design, based on the curriculum gaps.
- Identifying the broad knowledge areas based on the American Professional Societies and Curriculum of National and International Centers of Excellence.
- Listing the courses under each knowledge area in ascending order of complexity.
- Preparing the prerequisite flow chart of courses
- Preparing the course content to achieve sequence, continuity, integration, articulation and balance.
- The BOS of the program, monitor the entire process of curriculum design, development and is periodically reviewed

**Good Practices:** • Awareness and training of students to register in

ABC portal

- Designing academic regulations in future to offer programs with multiple entries and exits

### 17.Skill development:

**Efforts:** • The institution is conducting vocational education programs beyond the curriculum to facilitate student skill development.

- Also, five (5) skill oriented credited courses are introduced into the curriculum and the students must complete them for the award of the degree. Among the five courses four

(4) courses shall focus the basic and advanced skills related to the domain and one (1) course shall be a soft skills course.

**Programmes:** The vocational education programs are conducted once in a semester with a practicing expert. The students shall be provided with hands-on training during this workshop typically held for three days.

**Value-Based Education:** • Courses such as Universal Human Values (I & II), professional ethics, environmental sciences are made as mandatory courses and students must complete them for the award of degree.

- Also, events commemorating the national and international days of importance, birth and death anniversaries of eminent people are organized to bring inspiration, motivation and camaraderie among students and faculty for a value-based career and life.

**Institution's Efforts:** In the ensuing regulations, the vocational courses shall be introduced as single or fractional credited courses

**Services:** Industry veterans and Master Crafts persons shall be engaged to provide vocational skills besides this, also through 'Train the trainer program' a few faculty members will be trained to internally train and support the students.

**Offering:** National and international service providers such as NPTEL, Courseera, EDX and other agencies shall be utilized for offering vocational courses online. NSDC Association: The

institution shall associate with NSDC and also integrate these things into the campus ERP for monitoring, evaluation and record.

**Planning:** The institution shall offer the

courses online from reputed service providers as well as from the internal experts. Good Practices: • Introduction of skill courses into curriculum as credited courses

- Periodic conduct of vocational training with experts

**18.Appropriate integration of Indian Knowledge system (teaching in Indian Language, culture, using online course)**

**Strategy:** The courses such as Indian History, Yoga, Indian traditional technologies, regional customs and traditions shall be introduced into curriculum as single or fractional credits and will be offered online **Faculty:** The teachers with command in the local language to teach technical courses shall be recruited, besides interested existing teachers shall also be trained to teach courses in the vernacular language. **Medium of Instruction:** As of now, as all the programs are professional in nature, they are all offered in English only. However, by doing some due diligence, programs in vernacular language will be introduced **Efforts:** The Institution will form student cultural clubs with a mission to preserve and promote ancient languages, Indian ancient traditional knowledge, Indian Arts and Indian Culture and traditions. **Good Practices:** The institution encourages the students to showcase their talents in traditional forms of dance and singing during the events of the institution. Also, through technical associations of the departments, a few cultural events are conducted to promote Indian and regional culture and traditions.

**19.Focus on Outcome based education (OBE):Focus on Outcome based education (OBE):**

**Initiatives:** • Incorporating students learning outcomes such as course outcomes, program

outcomes and program specific outcomes into the syllabus

- Creating awareness among the students and faculty on the significance of OBE

**Efforts:** • Articulating course outcomes and designing the syllabi

- Identifying the appropriate teaching tools
- Providing appropriate learning resources
- Using Bloom's taxonomy in evaluation

**Good Practices:**

- Preparing curriculum based on the professional societies (IEEE, ASCE, ASME, ACM and others)
- Using Bloom's taxonomy in evaluation
- Designing direct and indirect methods of assessments
- Developing rubrics for evaluating various curricular components
- Feedback from stakeholders for continuous improvement

## 20.Distance education/online education:

**Possibilities:** The institution in its ensuing revision of academic regulations and curriculum improvements will introduce vocational courses as credited and will be offered online with association of NSDC and other reputed service providers

**Technological Tools:** • The teachers are using ICT for delivering lectures and conducting laboratories. In classrooms, LCD projectors are fitted to enable effective teaching -learning.

- Teachers use 'Microsoft Teams' platform for delivering online lectures.

- Teachers use program specific IT tools for simulation and design such as AutoCAD, STAAD Pro, Geographic Information System, Camtasia, Visual Studio Live Share, Collabedit - Online Code Editor, MULTISIM, MODELSIM, MATLAB, TASM, PSIM, SKM, PSICE, OBS Studio, Canva, Industry connect, Prezi, Spreadsheets, SPSS, RStudio (R Programming), Visual studio code, Thonny, Weka, LessonWriter, Easy Test Maker, Kinemaster and Apowersoft

- An ERP - Ion CUDOS is used for implementation of Outcome-Based Education

**Good Practices:** • The Institution has initiated the process of offering 2 courses per semester online in line with 'University Grants Commission (Credit Framework for Online Learning Courses through Study Webs of Active Learning for Young Aspiring Minds) Regulations,

2021'.

- Courses will be chosen from NPTEL, Courseera and other service providers.

- The evaluation will be done by the institution to award marks and grade.

## Extended Profile

### 1.Programme

1.1 Number of programmes offered during the year:	<b>16</b>
--	-----------

File Description	Documents
Institutional Data in Prescribed Format	<a href="#">View File</a>

### 2.Student

2.1 Total number of students during the year:	<b>2949</b>
--	-------------

File Description	Documents
Institutional data in Prescribed format	<a href="#">View File</a>

2.2 Number of outgoing / final year students during the year:	<b>681</b>
--	------------

File Description	Documents
Institutional Data in Prescribed Format	<a href="#">View File</a>

2.3 Number of students who appeared for the examinations conducted by the institution during the year:	<b>2667</b>
---	-------------

File Description	Documents
Institutional Data in Prescribed Format	<a href="#">View File</a>

### 3.Academic

3.1 Number of courses in all programmes during the year:	<b>667</b>
---	------------

File Description	Documents
Institutional Data in Prescribed Format	<a href="#">View File</a>
3.2 Number of full-time teachers during the year:	305
File Description	Documents
Institutional Data in Prescribed Format	<a href="#">View File</a>
3.3 Number of sanctioned posts for the year:	305
<b>4.Institution</b>	
4.1 Number of seats earmarked for reserved categories as per GOI/State Government during the year:	642
4.2 Total number of Classrooms and Seminar halls	72
4.3 Total number of computers on campus for academic purposes	1050
4.4 Total expenditure, excluding salary, during the year (INR in Lakhs):	294

## Part B

### CURRICULAR ASPECTS

#### 1.1 - Curriculum Design and Development

1.1.1 - Curricula developed and implemented have relevance to the local, national, regional and global developmental needs which are reflected in Programme Outcomes (POs), Programme Specific Outcomes (PSOs) and Course Outcomes (COs) of the various Programmes offered by the Institution.

The inputs are collected from prime stakeholders for defining the Vision, Mission, Program Educational Objectives, program outcomes, program specific outcomes and course outcomes for all programs of the institution. The Board of Studies discusses and considers these

inputs from all the stakeholders and prepares the curriculum according to the philosophy of the programs. They are proposed to the Academic Council and Governing Body for perusal, suggestions and approval.

The Institution adopts designing of the program curriculum based on the deliverables - knowledge, skills and attitude. The courses and content in each program are developed to meet local, national, regional and global developmental needs

Few course examples:

**Local:** Building Planning and Computer Drafting; Machine Tools; DC Machines and Transformers; Electronic Devices and Circuits; Switching Theory and Logic Design; Principles of Programming Languages; Rural Marketing.

**Regional:** Building Materials and Construction; Maintenance Engineering; Power System Operation & Control; Analog Communications; Digital Communications; Entrepreneurship and Innovation.

**National:** Health Monitoring and Retrofitting of Structures, Renewable Energy Sources; Electric Smart Grid; VLSI Design; Embedded Systems; Management of Industrial Relations; Operating Systems; Operations Research; Professional Ethics; Organizational Behaviour.

**Global:** Environmental Sciences; Hydrology and Irrigation Engineering; Energy Auditing and Management; Automation and Robotics; Microwave Engineering; Antenna and Wave Propagation; Cryptography and Network Security; Cloud Computing; Internet of Things; Distributed Databases; Supply Chain Management; English Language Communication Skills; Python Programming; Computer Organization; Database Management Systems; Discovering Statistics Using R; Data Structures Through Java; Data warehousing and Mining; Software Engineering; Software Project Management; Computer Graphics.

### 1.1.2 - Number of Programmes where syllabus revision was carried out during the year

16

File Description	Documents
Minutes of relevant Academic Council/BOS meeting	<a href="#">View File</a>
Details of syllabus revision during the year	<a href="#">View File</a>
Any additional information	<a href="#">View File</a>

### 1.1.3 - Number of courses focusing on employability/entrepreneurship/ skill development offered by the Institution during the year

667

File Description	Documents
Curriculum / Syllabus of such courses	<a href="#">View File</a>
Minutes of the Boards of Studies/ Academic Council meetings with approval for these courses	<a href="#">View File</a>
MoUs with relevant organizations for these courses, if any	No File Uploaded
Any additional information	<a href="#">View File</a>

## 1.2 - Academic Flexibility

### 1.2.1 - Number of new courses introduced across all programmes offered during the year

237

File Description	Documents
Minutes of relevant Academic Council/BoS meetings	<a href="#">View File</a>
Any additional information	<a href="#">View File</a>
Institutional data in prescribed format (Data Template)	<a href="#">View File</a>

### 1.2.2 - Number of Programmes offered through Choice Based Credit System (CBCS)/Elective Course System

16

File Description	Documents
Minutes of relevant Academic Council/BoS meetings	<a href="#">View File</a>
Any additional information	<a href="#">View File</a>
List of Add on /Certificate programs (Data Template)	<a href="#">View File</a>

### 1.3 - Curriculum Enrichment

1.3.1 - Institution integrates cross-cutting issues relevant to Professional Ethics, Gender, Human Values, Environment and Sustainability, and Human Values into the curriculum

The institution while designing and developing the curriculum, has taken into account the significance of cross cutting issues which are introduced as courses relevant to environment, values and ethics. Also, through add-on courses and through technical association activities the issues pertaining to gender such as respect, equality and empowerment are organized periodically. The women cell of the college specifically looks into the awareness and redress of gender sensitive issues, if any.

Since the conferment of autonomy, the institution has given due weightage to issues concerning to environment, values and ethics and incorporated courses in the curriculum as follows

**Courses:**

**Environmental Studies**

**Professional Ethics**

File Description	Documents
Upload the list and description of the courses which address issues related to Gender, Environment and Sustainability, Human Values and Professional Ethics in the curriculum	<a href="#">View File</a>
Any additional information	<a href="#">View File</a>

**1.3.2 - Number of value-added courses for imparting transferable and life skills offered during the year**

29

File Description	Documents
List of value-added courses	<a href="#">View File</a>
Brochure or any other document relating to value-added courses	<a href="#">View File</a>
Any additional information	<a href="#">View File</a>

### 1.3.3 - Number of students enrolled in the courses under 1.3.2 above

1950

File Description	Documents
List of students enrolled	<a href="#">View File</a>
Any additional information	<a href="#">View File</a>

### 1.3.4 - Number of students undertaking field work/projects/ internships / student projects

672

File Description	Documents
List of programmes and number of students undertaking field projects / internships / student projects	<a href="#">View File</a>
Any additional information	<a href="#">View File</a>

## 1.4 - Feedback System

**1.4.1 - Structured feedback and review of the syllabus (semester-wise / year-wise) is obtained from 1) Students 2) Teachers 3) Employers and 4) Alumni**      **A. All 4 of the above**

File Description	Documents
Provide the URL for stakeholders' feedback report	<a href="https://svcetedu.org/igac2021/ActiontakenReport20-21.pdf">https://svcetedu.org/igac2021/ActiontakenReport20-21.pdf</a>
Upload the Action Taken Report of the feedback as recorded by the Governing Council / Syndicate / Board of Management	<a href="#">View File</a>
Any additional information	<a href="#">View File</a>

### 1.4.2 - The feedback system of the Institution comprises the following

A. Feedback collected, analysed and action taken made available on the website

File Description	Documents
Provide URL for stakeholders' feedback report	<a href="https://www.svcetedu.org/naac2022/ssr/1.4.2A/TR_FINAL.pdf">https://www.svcetedu.org/naac2022/ssr/1.4.2A/TR_FINAL.pdf</a>
Any additional information	<a href="#">View File</a>

## TEACHING-LEARNING AND EVALUATION

### 2.1 - Student Enrollment and Profile

#### 2.1.1 - Enrolment of Students

##### 2.1.1.1 - Number of students admitted (year-wise) during the year

918

File Description	Documents
Any additional information	<a href="#">View File</a>
Institutional data in prescribed format	<a href="#">View File</a>

##### 2.1.2 - Number of seats filled against reserved categories (SC, ST, OBC, Divyangjan, etc.) as per the reservation policy during the year (exclusive of supernumerary seats)

393

File Description	Documents
Any additional information	<a href="#">View File</a>
Number of seats filled against seats reserved (Data Template)	<a href="#">View File</a>

### 2.2 - Catering to Student Diversity

2.2.1 - The institution assesses students' learning levels and organises special programmes for both slow and advanced learners.

After student admission, the institution organizes diverse programs as part of induction. Also, faculty members teaching first year courses are introduced to the students for on campus support and advice. An orientation program is conducted on the first day to inform the students on academic regulations, evaluation procedures

and general code of conduct. As a good and mandatory practice written undertaking from all the senior students is collected on anti -ragging.

First year students of each program are required to take up diagnostic tests which help the teachers to understand the learning diversity in the class and to plan the teaching. Remedial and Reinforcement classes are organized for the slow learners whose score is below the set benchmark. For students who perform better in these assessments are advised to undertake literature survey and mini projects which subsequently help them in seminar and project courses.

Also training in English, mathematics and foundations in the relevant discipline are organized. Special expert lectures on motivation by renowned speakers are exclusively organized for the first students to facilitate them in goal setting and etiquette.

File Description	Documents
Upload any additional information	<a href="#">View File</a>
Paste link for additional information	Nil

### 2.2.2 - Student – Teacher (full-time) ratio

Year	Number of Students	Number of Teachers
01/05/2021	2949	305

File Description	Documents
Upload any additional information	<a href="#">View File</a>

## 2.3 - Teaching- Learning Process

2.3.1 - Student-centric methods such as experiential learning, participative learning and problem-solving methodologies are used for enhancing learning experiences:

The institution follows approaches for enhancing learning experience and outcomes of the students such as

### Experiential Learning:

Through experiential learning, the students are given the

flexibility of their own learning through practice with the mentorship of the teacher. Self-learning topics relevant to the course are given to the students and notified in the teaching plan. Teaching some of the courses with models, simulation and prototypes shall contribute to students experience in learning.

#### Participative Learning

The participation of the student is made through

- Collecting feedback on teaching quality
- Survey on program educational objectives, program outcomes and curriculum
- Courses in labs, seminar and project at the undergraduate level as a group work is designed to foster student peer and participative learning

#### Problem Solving Methodologies:

The Institution while deigning the courses emphasizes that Problem Solving ability and hence the course content pertaining to almost all core, professional electives and a few of open electives is designed to develop the problem-solving skills among the students.

File Description	Documents
Upload any additional information	<a href="#">View File</a>
Link for additional Information	Nil

#### 2.3.2 - Teachers use ICT-enabled tools including online resources for effective teaching and learning

The teachers are using ICT for delivering lectures and conducting laboratories. In classrooms, LCD projectors are fitted to enable effective teaching - learning.

Teachers use 'Microsoft Teams' platform for delivering online lectures.

Teachers use program specific IT tools for simulation and design such as AutoCAD, STAAD Pro, Geographic Information System, Camtasia, Visual Studio Live Share, Collabedit - Online Code Editor, MULTISIM, MODELSIM, MATLAB, TASM, PSIM, SKM, PSICE, OBS Studio, Canva, Industryconnect, Prezi, Spreadsheets, SPSS, RStudio (R Programming), Visual studio code, Thonny, Weka, LessonWriter, Easy Test Maker,

**Kinemaster and Apowersoft****An ERP- Ion CUDOS is used for implementation of Outcome-Based Education**

File Description	Documents

**2.3.3 - Ratio of students to mentor for academic and other related issues****2.3.3.1 - Number of mentors**

121

File Description	Documents
Upload year-wise number of students enrolled and full-time teachers on roll	<a href="#">View File</a>
Circulars with regard to assigning mentors to mentees	<a href="#">View File</a>

**2.3.4 - Preparation and adherence to Academic Calendar and Teaching Plans by the institution**

The academic calendar is prepared well in advance to the start of the program and is communicated to the students and teachers for implementation. The components of the academic calendar include instructional periods, Mid-term internal Examinations, Preparation & Practical Examinations, Semester-end examinations, Semester Break and summer vacation. The academic calendar forms the basis for all the academic planning including the teaching plans and co-curricular events.

File Description	Documents
Upload the Academic Calendar and Teaching Plans during the year	<a href="#">View File</a>

**2.4 - Teacher Profile and Quality****2.4.1 - Number of full-time teachers against sanctioned posts during the year**

305

File Description	Documents

### 2.5 - Evaluation Process and Reforms

#### 2.5.1 - Number of days from the date of last semester-end/ year- end examination till the declaration of results during the year

11

File Description	Documents
List of Programmes and the date of last semester-end / year-end examinations and the date of declaration of result	<a href="#">View File</a>
Any additional information	<a href="#">View File</a>

### 2.5.2 - Number of students' complaints/grievances against evaluation against the total number who appeared in the examinations during the year

37

File Description	Documents
Upload the number of complaints and total number of students who appeared for exams during the year	<a href="#">View File</a>
Upload any additional information	<a href="#">View File</a>

2.5.3 - IT integration and reforms in the examination procedures and processes including Continuous Internal Assessment (CIA) have brought in considerable improvement in the Examination Management System (EMS) of the Institution

With the increased focus on student outcomes and defining the quality of the institution based on the competencies gained by the students, evaluation which has increased efficiency with a reduced workload, accuracy with integrity and quality control with utmost transparency is the need. Hence digitalization will be the most significant reform in the evaluation system.

#### Process adopted:

- The answer scripts of the students are scanned and stored in the internal server
- Links are created and are shared with the identified internal and external evaluators
- Login and passwords are shared with the evaluators along with the key/ scheme of evaluation
- After the evaluation, the digital answer scripts are sent for scrutiny

- If there are any discrepancies notified by the scrutiny committee, the concerned evaluator is requested to relook into the answer script for verification and validation
- Finally, the internal marks obtained are combined with the external marks obtained through digital system for the award of the grade

**Impact:** There is significant amount of optimization in human and financial resources by reducing the logistics cost. Also, there is considerable improvement in reducing the time for evaluation with enhanced transparency.

## 2.6 - Student Performance and Learning Outcomes

2.6.1 - Programme Outcomes and Course Outcomes for all Programmes offered by the institution are stated and displayed on the website and communicated to teachers and students

The Program outcomes, Program specific outcomes and Course Outcomes statements of all the programs of the Institution are placed on the College Website and in the respective Department URLs. These statements are also displayed in all other important points of the Institution for the benefit of the stakeholders.

For Students they are communicated through display boards, Department notice boards, laboratories, syllabus books, progress reports, seminar halls and brochures.

For Teachers they are communicated through Display boards, syllabus books, faculty course files, Department presentations and documents.

## 2.6.2 - Attainment of Programme Outcomes and Course Outcomes as evaluated by the institution

The Institution adopts designing of the program curriculum based on the deliverables - knowledge, skills and attitude. For each program, educational objectives are articulated based on the needs of the industry, research and higher education to attain the course outcomes, program outcomes and program specific outcomes through the curriculum.

The level of attainment of POs, PSOs and COs is done through thoroughly that evaluation rubrics help indicating the learning outcomes of the students for assessing their employability levels and further progression.

Direct Methods include:

Summative assessment tests (Continuous evaluation and semester-end examinations of courses)

### 1. Theory course assessment

(i) Continuous assessment through Internal exams ( mid-term + examinations )

(ii) Assessment through Semester-end examinations

### 2. Laboratory course assessment

(i) Day to day continuous assessment and internal assessment

(ii) Assessment through Semester-end examinations

### 3. Seminar assessment

(i) Internal assessment through oral presentations and seminar report.

#### 4. Project work assessment

(i) Continuous assessment through oral presentations

(ii) Assessment through External viva-voce examination and thesis evaluation

Indirect Methods include:

1. Student exit survey: The survey conducted from outgoing students.

2. Alumni survey: The feedback from alumni.

3. Employer survey: The feedback collected from the employers.

### 2.7 - Student Satisfaction Survey

#### 2.7.1 - Student Satisfaction Survey (SSS) on overall institutional performance (Institution may

design its own questionnaire). Results and details need to be provided as a weblink

<https://svcetedu.org/igac2021/SSS2020-2021.pdf>

## RESEARCH, INNOVATIONS AND EXTENSION

### 3.1 - Promotion of Research and Facilities

3.1.1 - The institution's research facilities are frequently updated and there is a well-defined policy for promotion of research which is uploaded on the institutional website and implemented

The facilities for research available for faculty and students are updated periodically. Apart from the budget allotted for the purpose, the institution also received funds to some departments from AICTE under the scheme 'Modernization and Removal of Obsolescence' (MODROBS).

Also, the research funding for the faculty enabled the departments to upgrade the facilities available in some of the research laboratories.

## 3.3 - Innovation Ecosystem

3.3.1 - Institution has created an ecosystem for innovations and creation and transfer of knowledge supported by dedicated centres for research, entrepreneurship, community orientation, incubation, etc.

The institution gives priority for innovation, entrepreneurship and start-up and hence is made as one of the Program Educational Objectives for all the programs offered. The Institution has units like - Institution Innovation Council (IIC) and also Technology incubation centre for the awareness and promotion of innovation among students and faculty in the college.

The following are the activities are conducted in the Institution in this direction:

1. Study of market conditions and entrepreneurs' requirements
2. Student orientation towards entrepreneurship:
3. Identify team and service providers
4. Resource allocation:
5. Establish industry linkages:

## 5.3 - Student Participation and Activities

### 5.3.1 - Number of awards/medals for outstanding performance in sports and/or cultural activities at inter-university / state /national / international events (award for a team event should be counted as one) during the year

0

File Description	Documents
e-copies of award letters and certificates	No File Uploaded
Any additional information	No File Uploaded

### 5.3.2 - Presence of an active Student Council and representation of students in academic and administrative bodies/committees of the institution

In the institution there is no formal student council, however the departments have established technical associations. These associations are run by the students and a teacher mentor is allotted to supervise the activities planned.

These Technical Associations conducted activities such as

- Model Exhibitions
- Design Contests
- Aptitude Tests
- General & Technical Quizzes
- Group Discussions
- Code Debugging Contests
- Poster Presentations
- Mock Interviews
- Training Sessions in Communication Skills

Besides these co-curricular activities, the technical associations conduct periodically extracurricular activities such as sports and games, recreational activities and cultural activities.

Also, these associations conduct extension activities such as awareness programs on Women Entrepreneurship, digital literacy, environmental awareness and health and hygiene.

Student engagement in administration: The heads of the department nominate the best students (1 boy and 1 girl) as class representatives for each section in all programs. These students regularly apprise the concerned Head of the Department on issues

such as student discipline, syllabus coverage, facilities and services and other academic issues to facilitate direct feedback and early action on issues, if any.

## 5.4 - Alumni Engagement

5.4.1 - The Alumni Association and its Chapters (registered and functional) contribute significantly to the development of the institution through financial and other support services

The institution has a functional alumni association called -

The activities of alumni association meetings are monitored and coordinated by Professor in-charge - Alumni Relations. Professor in-charge as key point of contact shall work to liaison between the parent organization and alumni.

Proposed activities:

- Appointment of a committee to draw up the by-laws or organizational outline
- Formal registration of the Association
- Appointment of other committees and delegation of responsibilities (communications, recognition, events, recruiting)
- Fund raising
- Scholarships and fellowships

Broad outcomes:

- Expert lectures by alumni in the advanced domain areas
- Awareness workshops on industry specific skills
- Alumni guiding students to industry internships and placements
- Feedback on program outcomes, program specific outcomes and curriculum
- Active participation in Boards of Studies to facilitate useful insights into curriculum and student development

## GOVERNANCE, LEADERSHIP AND MANAGEMENT

### 6.1 - Institutional Vision and Leadership

6.1.1 - The governance of the institution is reflective of an effective leadership in tune with the vision and mission of the Institution

The institution is guided by the vision and mission for all its planning and development. A perspective plan to govern and manage the affairs of the Institution is devised as a guiding document.

#### Vision:

To carve the youth as dynamic, competent, valued and knowledgeable professionals who shall lead the Nation to a better future and to mould the institution into a Centre of Academic Excellence and advanced Research.

#### Mission:

- To provide quality education, student-cantered teaching-learning processes and state-of-art infrastructure for professional aspirants hailing from both rural and urban areas.
- To impart technical education that encourages independent

thinking, develops strong domain of knowledge, contemporary skills and positive attitudes towards holistic growth of young minds.

Nature of governance: Participatory

The employees and other prime stakeholders of the Institution participate in the decision-making process.

Perspective planning: planning is made in the areas - Academics, Finance and budgeting and administration with a focus on future development

Participation of teachers: The teachers are present in the apex bodies as well as all administrative and academic committees for smooth administration and functioning.

File Description	Documents
Upload any additional information	<a href="#">View File</a>
Paste link for additional Information	Nil

6.1.2 - Effective leadership is reflected in various institutional practices such as decentralization and participative management

Case: Monitoring of the attainment of student outcomes

- At the institution level, the benchmark values for the attainment of course outcomes, program outcomes and program specific outcomes are fixed and proposed in the academic council for approval. Also the assessment procedure is prepared and approved for implementation.
- At the department level, the program advisory committee and the Head of the department take the responsibility of monitoring the process.
- The module coordinators of each knowledge areas monitor the implementation of curriculum and attainment of the student outcomes as per the assessment procedure adopted.
- The members of faculty take care of course and attainment at the individual level.

The policy is taken top-down and implementation is done bottom-up for monitoring the assessment

## 6.2 - Strategy Development and Deployment

6.2.1 - The institutional Strategic/ Perspective plan has been clearly articulated and implemented

The strategic plan of the institution was made for 5 years starting from 2017-2018 for implementation.

Example of an activity successfully implemented: To conduct Value added courses in fe skills and transferable skills/ Career guidance programs/Certification courses for students from professional bodies and industry

To supplement the curriculum and foster better development of the student, the institution has planned to conduct add-on programs on life skills and transferable skills. This will enhance the employability of the students. Also, Career guidance programs and Certification courses for students from professional bodies and industry were planned and conducted. This will help the student in career placements, progression to higher education and entrepreneurship.

List of programs conducted for the year 2020-21

- Development of light weight concrete
- Noise Control of Buildings
- Building Drafting using AutoCAD
- Development of Self Repairing Concrete
- Electric Vehicles and Mobility
- Sensors and Sensor Circuit Design
- Cyber Security and The Internet of Things
- Solar Energy and Electrical System Design
- 3D Modelling and Assembly Using 3D Experience
- DELMIA using 3D Experience
- SIMULIA Using 3D Experience

- PCB Design Using Multisim
- LabVIEW software
- Ethical Hacking
- Data Analytics using R
- Machine Learning with python
- Data Science
- Data Visualization using R
- Women Entrepreneurship
- GST - Goods and Services Tax
- Enhancing Employability and Building a Career Path
- Technical Analysis
- Social Media Marketing
- MICROSOFT AZURE
- DBA-Functions in DB2
- Research Methodology
- Sustainable Environment
- Material Science for Engineers
- Constructive communication

6.2.2 - The functioning of the various institutional bodies is effective and efficient as visible from the policies, administrative set-up, appointment and service rules, procedures, etc.

The Governing Body of the Institution is the supreme authority consisting of eminent people from the promoting body and experts from the industry and academia. The Governing Body will be participatory in nature and will be looking into the implementation and evaluation of the institution's strategic plan and annual operating plan. The Governing Body of the Institution has delegated the authority of the Institution's day-to-day management to the principal. Principal through statutory committees such as Academic Council, Boards of Studies, Internal Quality Assurance Cell (IQAC) and Finance Committee and with other administrative committees manages the institution efficiently and effectively. The management is further delegated to the Heads of the Department for better reach and monitoring.

### 6.3 - Faculty Empowerment Strategies

6.3.1 - The institution has effective welfare measures for teaching and non-teaching staff and avenues for their career development/ progression

The welfare measures for the Teaching staff are

1. Group insurance scheme
2. Incentives for achievement of high student pass percentages in courses
3. Incentives for research publications and books
4. Incentives for receiving research funding from external funding agencies
5. Study leave and financial assistance for qualification upgradation

The welfare measures for the non-Teaching staff are

**Group insurance scheme**

## 6.4 - Financial Management and Resource Mobilization

### 6.4.1 - Institution conducts internal and external financial audits regularly

The Governing Body of the Institution monitors the Institution's arrangements for internal and external financial audit. The Finance Committee of the institution shall undertake and facilitate the process of Audit (both internal and external) and report to the Governing Body.

The internal audit of finance is done as day-to-day monitoring by the principal and the accounting team.

The external audit is done once in a year.

The generic audit objections encountered are:

- Payments without proper approval
- Late submission of bills
- Non recovery/adjustments of advances from employees/creditors
- Missing of entries
- Non-compliance of guidelines (travel, TA and DA)

The audit objections encountered are settled through appropriate compliance mechanism and is recorded.

#### 6.4.3 - Institutional strategies for mobilisation of funds and the optimal utilisation of resources

The institution mobilizes funds from sources through

- Collection of all types of fees
- Term loans
- Research funding
- Funds from schemes

Optimal utilization of financial resources:

The approved budget of all the departments and units is notified for effective implementation. The Finance Committee advices and monitors the implementation of budget. The sanction of funds shall be made on the basis of cash flows

### 6.5 - Internal Quality Assurance System

6.5.1 - Internal Quality Assurance Cell (IQAC) has contributed significantly for institutionalizing quality assurance strategies and processes visible in terms of incremental improvements made during the preceding year with regard to quality (in case of the First Cycle): Incremental improvements made during the preceding year with regard to quality and post-accreditation quality initiatives (Second and subsequent cycles)

Periodic feedback of students on faculty:

The institution collects feedback of students on faculty which helps to fine tune the teaching quality

Student Counselling:

Student counselling is done by the mentors periodically which helps students in goal setting, career planning besides resolving their personal issues, if any

File Description	Documents
Upload any additional information	<a href="#">View File</a>
Paste link for additional information	Nil

6.5.2 - The institution reviews its teaching-learning process, structures and methodologies of operation and learning outcomes at periodic intervals through its IQAC as per norms

#### Monitoring of

- **Course files of the teachers:** the course files of all teachers are monitored regularly by the head of the department which ensures the information on the coverage of syllabi, course content methods, self-learning topics given among others
- **Attainment of Learning Outcomes of students:**

The attainment of course outcomes, program outcomes and program specific outcomes is monitored at the end of each semester which helps the teacher to adopt methods for improvement. Also, the survey information from alumni, students and employers will help identify the gaps which can be used to update the curriculum

## INSTITUTIONAL VALUES AND BEST PRACTICES

### 7.1 - Institutional Values and Social Responsibilities

#### 7.1.1 - Measures initiated by the Institution for the promotion of gender equity during the year

- The Institution organizes a women cell which undertakes the issues pertaining to girl students and women faculty of the institution.
- Each class has a girl student as a representative who shall report to the concerned HoD, on issues pertaining to the girl students of the class, if any
- The admissions are made by the affiliating university, following the rules of reservation which includes 33% of seats for girl students.
- The role of women development and opportunities are discussed at all important interactions.
- Also, women students are counselled periodically by the women members of faculty on gender related problems.
- CC cameras are fixed on vantage points of the campus to monitor the safety and security of all the inmates
- The institution celebrates the events such as international women's day and other days of significance.
- The Institution has separate toilets for ladies and common rooms for girl students are available for their convenience.

File Description	Documents
Upload any additional information	<a href="#">View File</a>
Paste link for additional Information	Nil

#### 7.1.2 - The Institution has facilities for

A. Any 4 or All of the above

**alternate sources of energy and energy conservation: Solar energy      Biogas plant**  
**Wheeling to the Grid   Sensor-based energy conservation Use of LED bulbs/ power-efficient equipment**

File Description	Documents
Geotagged Photographs	<a href="#">View File</a>
Any other relevant information	<a href="#">View File</a>

7.1.3 - Describe the facilities in the institution for the management of the following types of degradable and non-degradable waste (within a maximum of 200 words)

**Solid Waste Management:**

- Adequate number of dustbins at each building and along the road side is provided. The frequency of solid waste collection is done twice in a week. And it is appropriately disposed through to the local Municipal authorities.

**Liquid waste management:**

- The institution installed a Reverse Osmosis (RO) plant for drinking water of the inmates on the campus
- Wastewater is generated from wash rooms, toilets of all buildings, canteen and messes is collected and transported by means of well-conceived drainage system.

**Biomedical waste management:** the programs offered and the research undertaken by the institution has nearly no biomedical waste. However little waste that comes from the dispensary is disposed following a standard prescribed protocol

**E-waste management**

The waste that is generated is collected and stored in a separate place before disposing it to the vendor

**Hazardous chemicals and radioactive waste management:** The institution conducts practical for undergraduate engineering students involving mild and less harmful chemicals. A few faculty members are conducting research using chemicals.

**Waste recycling system:** The management arranges for the disposal of the solid waste through the local Municipal authorities for

**recycling**

7.1.8 - Describe the Institutional efforts/initiatives in providing an inclusive environment i.e. tolerance and harmony towards cultural, regional, linguistic, communal, socio-economic and other diversities (within a maximum of 200 words).

The college admits students from different states and countries which brings a large diversity to the campus. Multi-cultural and multi-national environment is helping the local students to get exposed to diverse cultures and helping them to develop as global citizens and vice versa. Also, members of faculty and staff are recruited from across India which is promoting a cosmopolitan nature among employees. The mess, canteens are provided with multi cuisine menus for the benefit of the students and employees.

Also, the college celebrates the cultural, regional and national festivals such as Sankranti, Ugadi, Holi, Swami Vivekananda Birth anniversary, Ambedkar Jayanthi, Good Friday, Ramzan, Bakrid, Dussehra, Diwali, New-year's day, Teacher's Day, Yoga Day, National Science Day, National Engineer's Day, National Mathematics Day, Fresher's Day, Induction and orientation on the campus. All the members of the faculty, staff and students fervently participate which is a great demonstration of unity in diversity.

Motivational lectures from eminent persons are arranged for personality development and to make them responsible citizens with inclusiveness and tolerance. In this way, the institution is making efforts in providing an inclusive environment

File Description	Documents
Supporting documents on the information provided (as reflected in the administrative and academic activities of the Institution)	<a href="#">View File</a>

7.1.9 - Sensitization of students and employees of the institution to constitutional obligations: values,

rights, duties and responsibilities of citizens:

The institution organizes events and programs pertaining to values, rights, duties and responsibilities of citizens to the students periodically. Also, the institution organizes lectures from experts on universal human values during the student induction program and also included two courses in the curriculum on universal human values to make students learn on values and ethics and establish their career complying responsibilities and obligations of the Nation.

File Description	Documents
Details of activities that inculcate values necessary to transform students into responsible citizens	No File Uploaded
Any other relevant information	No File Uploaded

**7.1.10 - The institution has a prescribed code of conduct for students, teachers, administrators and other staff and conducts periodic sensitization programmes in this regard: The Code of Conduct is displayed on the website There is a committee to monitor adherence to the Code of Conduct Institution organizes professional ethics programmes for students, teachers, administrators and other staff Annual awareness programmes on the Code of Conduct are organized**

**A. All of the above**

## 7.2 - Best Practices

7.2.1 - Provide the weblink on the Institutional website regarding the Best practices as per the prescribed format of NAAC

### Best Practice-1:

**Title of the Practice: Student training for placement and higher education**

**Objectives of the Practice:**

- To run the training centre with dedicated resource persons specialized in campus placement related skills.
- To offer a variety of training modules (soft skills and domain) to suit higher education or prospective career.

### The Context

Most of the students are first generation students and their prime aspiration is to seek a job after the completion of the program. Hence to make them employable and industry ready it is imminent to conduct holistic training.

### The Practice

- Opinion survey from the students on their career aspirations
- Conducting diagnostic tests to know the student basic domain and communication skills, logic and aptitude
- Developing modules for training
- Creating a comprehensive training plan and incorporating it into the curriculum

- Conducting training with internal and external experts

**Evidence of Success**

There is a considerable improvement in the employability of the students and they were placed in jobs through campus placements

**Problems Encountered and Resources Required**

**Challenges:**

- Embedding training into tight curriculum
- Creating student orientation towards training in spite of their curricular assignments

**Resources required:**

- Online training modules
- Expert trainers

File Description	Documents
Best practices in the Institutional website	<a href="https://svcetedu.org/iqac2021/bestpractices2020-2021.pdf">https://svcetedu.org/iqac2021/bestpractices2020-2021.pdf</a>
Any other relevant information	<a href="#">0</a>

**7.3 - Institutional Distinctiveness**

7.3.1 - Highlight the performance of the institution in an area distinct to its priority and thrust (within a maximum of 200 words)

**Student progression to Higher studies and Career placements:**

The institution in its strategic plan has included training and placement as important objectives and strategies to achieve them have been clearly laid out. Also, the institution has set generic objectives for the programs offered as:

- Progression to higher education
- Career placement
- Entrepreneurship and
- Lifelong learning

As the institution is set in a rural background and most of the

students aspire for a career placement and some to pursue higher education, the institution has strategically planned through a comprehensive training plan to achieve these student aspirations.

- The training modules are embedded in the curriculum as courses
- Expert faculty are recruited exclusively for training
- Special training in English language communication skills is given to help students coming from rural background as well as students from states like Bihar and countries like Nepal
- Platforms such as CodeChef are used to train the students in programming and computational skills
- Domain training is imparted to the students with the help of internal teachers and external experts
- Periodic interactions with senior HR managers of the industry through pre placement talks are arranged to make students abreast of the skills the industry needs.
- Training Assessment is done periodically to help students know their strengths

**Impact:**

Students' placement rate is good and students aspiring for Higher education are getting admissions in some of the best institutions in India and abroad.

## Part B

### CURRICULAR ASPECTS

#### 1.1 - Curriculum Design and Development

1.1.1 - Curricula developed and implemented have relevance to the local, national, regional and global developmental needs which are reflected in Programme Outcomes (POs), Programme Specific Outcomes (PSOs) and Course Outcomes (COs) of the various Programmes offered by the Institution.

The inputs are collected from prime stakeholders for defining the Vision, Mission, Program Educational Objectives, program outcomes, program specific outcomes and course outcomes for all programs of the institution. The Board of Studies discusses and considers these inputs from all the stakeholders and prepares the curriculum according to the philosophy of the programs. They are proposed to the Academic Council and Governing Body for perusal, suggestions and approval.

The Institution adopts designing of the program curriculum based on the deliverables - knowledge, skills and attitude. The courses and content in each program are developed to meet local, national, regional and global developmental needs

Few course examples:

**Local:** Building Planning and Computer Drafting; Machine Tools; DC Machines and Transformers; Electronic Devices and Circuits; Switching Theory and Logic Design; Principles of Programming Languages; Rural Marketing.

**Regional:** Building Materials and Construction; Maintenance Engineering; Power System Operation & Control; Analog Communications; Digital Communications; Entrepreneurship and Innovation.

**National:** Health Monitoring and Retrofitting of Structures, Renewable Energy Sources; Electric Smart Grid; VLSI Design; Embedded Systems; Management of Industrial Relations; Operating Systems; Operations Research; Professional Ethics; Organizational Behaviour.

**Global:** Environmental Sciences; Hydrology and Irrigation Engineering; Energy Auditing and Management; Automation and Robotics; Microwave Engineering; Antenna and Wave Propagation; Cryptography and Network Security; Cloud Computing; Internet of

Things; Distributed Databases; Supply Chain Management; English Language Communication Skills; Python Programming; Computer Organization; Database Management Systems; Discovering Statistics Using R; Data Structures Through Java; Data warehousing and Mining; Software Engineering; Software Project Management; Computer Graphics.

**1.3 - Curriculum Enrichment**

1.3.1 - Institution integrates cross-cutting issues relevant to Professional Ethics, Gender, Human Values, Environment and Sustainability, and Human Values into the curriculum

The institution while designing and developing the curriculum, has taken into account the significance of cross cutting issues which are introduced as courses relevant to environment, values and ethics. Also, through add-on courses and through technical association activities the issues pertaining to gender such as respect, equality and empowerment are organized periodically. The women cell of the college specifically looks into the awareness and redress of gender sensitive issues, if any.

Since the conferment of autonomy, the institution has given due weightage to issues concerning to environment, values and ethics and incorporated courses in the curriculum as follows

**Courses:**

**Environmental Studies**

**Professional Ethics**

## 2.2 - Catering to Student Diversity

2.2.1 - The institution assesses students' learning levels and organises special programmes for both slow and advanced learners.

After student admission, the institution organizes diverse programs as part of induction. Also, faculty members teaching first year courses are introduced to the students for on campus support and advice. An orientation program is conducted on the first day to inform the students on academic regulations, evaluation procedures and general code of conduct. As a good and mandatory practice written undertaking from all the senior students is collected on anti -ragging.

First year students of each program are required to take up diagnostic tests which help the teachers to understand the learning diversity in the class and to plan the teaching. Remedial and Reinforcement classes are organized for the slow learners whose score is below the set benchmark. For students who perform better in these assessments are advised to undertake literature survey and mini projects which subsequently help them in seminar and project courses.

Also training in English, mathematics and foundations in the relevant discipline are organized. Special expert lectures on motivation by renowned speakers are exclusively organized for the first students to facilitate them in goal setting and etiquette.

### 2.2.2 - Student – Teacher (full-time) ratio

Year	Number of Students	Number of Teachers
01/05/2021	2949	305

File Description	Documents
Upload any additional information	<a href="#">View File</a>

### 2.3 - Teaching- Learning Process

2.3.1 - Student-centric methods such as experiential learning, participative learning and problem-solving methodologies are used for enhancing learning experiences:

The institution follows approaches for enhancing learning experience and outcomes of the students such as

#### Experiential Learning:

Through experiential learning, the students are given the flexibility of their own learning through practice with the mentorship of the teacher. Self-learning topics relevant to the course are given to the students and notified in the teaching plan. Teaching some of the courses with models, simulation and prototypes shall contribute to students experience in learning.

#### Participative Learning

The participation of the student is made through

- Collecting feedback on teaching quality
- Survey on program educational objectives, program outcomes and curriculum
- Courses in labs, seminar and project at the undergraduate level as a group work is designed to foster student peer and participative learning

#### Problem Solving Methodologies:

The Institution while deigning the courses emphasizes that Problem Solving ability and hence the course content pertaining to almost all core, professional electives and a few of open electives is designed to develop the problem-solving skills among the students.

File Description	Documents
Upload any additional information	<a href="#">View File</a>
Link for additional Information	Nil

### 2.3.2 - Teachers use ICT-enabled tools including online resources for effective teaching and learning

The teachers are using ICT for delivering lectures and conducting laboratories. In classrooms, LCD projectors are fitted to enable effective teaching - learning.

Teachers use 'Microsoft Teams' platform for delivering online lectures.

Teachers use program specific IT tools for simulation and design such as AutoCAD, STAAD Pro, Geographic Information System, Camtasia, Visual Studio Live Share, Collabedit - Online Code Editor, MULTISIM, MODELSIM, MATLAB, TASM, PSIM, SKM, PSICE, OBS Studio, Canva, Industryconnect, Prezi, Spreadsheets, SPSS, RStudio (R Programming), Visual studio code, Thonny, Weka, LessonWriter, Easy Test Maker, Kinemaster and Apowersoft

An ERP- Ion CUDOS is used for implementation of Outcome-Based Education

File Description	Documents

### 2.5.2 - Number of students' complaints/grievances against evaluation against the total number who appeared in the examinations during the year

37

File Description	Documents
Upload the number of complaints and total number of students who appeared for exams during the year	<a href="#">View File</a>
Upload any additional information	<a href="#">View File</a>

2.5.3 - IT integration and reforms in the examination procedures and processes including Continuous Internal Assessment (CIA) have brought in considerable improvement in the Examination Management System (EMS) of the Institution

With the increased focus on student outcomes and defining the quality of the institution based on the competencies gained by the students, evaluation which has increased efficiency with a reduced workload, accuracy with integrity and quality control with utmost transparency is the need. Hence digitalization will be the most significant reform in the evaluation system.

Process adopted:

- The answer scripts of the students are scanned and stored in the internal server
- Links are created and are shared with the identified internal and external evaluators
- Login and passwords are shared with the evaluators along with the key/ scheme of evaluation
- After the evaluation, the digital answer scripts are sent for scrutiny
- If there are any discrepancies notified by the scrutiny committee, the concerned evaluator is requested to relook into the answer script for verification and validation
- Finally, the internal marks obtained are combined with the external marks obtained through digital system for the award of the grade

Impact: There is significant amount of optimization in human and financial resources by reducing the logistics cost. Also, there is considerable improvement in reducing the time for evaluation

with enhanced transparency.

## 2.6 - Student Performance and Learning Outcomes

2.6.1 - Programme Outcomes and Course Outcomes for all Programmes offered by the institution are stated and displayed on the website and communicated to teachers and students

The Program outcomes, Program specific outcomes and Course Outcomes statements of all the programs of the Institution are placed on the College Website and in the respective Department URLs. These statements are also displayed in all other important points of the Institution for the benefit of the stakeholders.

For Students they are communicated through display boards, Department notice boards, laboratories, syllabus books, progress reports, seminar halls and brochures.

For Teachers they are communicated through Display boards, syllabus books, faculty course files, Department presentations and documents.

2.6.2 - Attainment of Programme Outcomes and Course Outcomes as evaluated by the institution

The Institution adopts designing of the program curriculum based on the deliverables - knowledge, skills and attitude. For each program, educational objectives are articulated based on the needs of the industry, research and higher education to attain

the course outcomes, program outcomes and program specific outcomes through the curriculum.

The level of attainment of POs, PSOs and COs is done through thoroughly that evaluation rubrics help indicating the learning outcomes of the students for assessing their employability levels and further progression.

Direct Methods include:

Summative assessment tests (Continuous evaluation and semester-end examinations of courses)

1. Theory course assessment

(i) Continuous assessment through Internal exams ( mid-term + examinations )

(ii) Assessment through Semester-end examinations

2. Laboratory course assessment

(i) Day to day continuous assessment and internal assessment

(ii) Assessment through Semester-end examinations

3. Seminar assessment

(i) Internal assessment through oral presentations and seminar report.

4. Project work assessment

(i) Continuous assessment through oral presentations

(ii) Assessment through External viva-voce examination and thesis evaluation

Indirect Methods include:

1. Student exit survey: The survey conducted from outgoing students.

2. Alumni survey: The feedback from alumni.

3. Employer survey: The feedback collected from the employers.

### RESEARCH, INNOVATIONS AND EXTENSION

#### 3.1 - Promotion of Research and Facilities

3.1.1 - The institution's research facilities are frequently updated and there is a well-defined policy for promotion of research which is uploaded on the institutional website and implemented

The facilities for research available for faculty and students are updated periodically. Apart from the budget allotted for the purpose, the institution also received funds to some departments from AICTE under the scheme 'Modernization and Removal of Obsolescence' (MODROBS).

Also, the research funding for the faculty enabled the departments to upgrade the facilities available in some of the research laboratories.

### 3.3 - Innovation Ecosystem

3.3.1 - Institution has created an ecosystem for innovations and creation and transfer of knowledge supported by dedicated centres for research, entrepreneurship, community orientation, incubation, etc.

The institution gives priority for innovation, entrepreneurship and start-up and hence is made as one of the Program Educational Objectives for all the programs offered. The Institution has units like - Institution Innovation Council (IIC) and also Technology incubation centre for the awareness and promotion of innovation among students and faculty in the college.

The following are the activities are conducted in the Institution in this direction:

1. Study of market conditions and entrepreneurs' requirements
2. Student orientation towards entrepreneurship:
3. Identify team and service providers
4. Resource allocation:
5. Establish industry linkages:

### 5.3.2 - Presence of an active Student Council and representation of students in academic and administrative bodies/committees of the institution

In the institution there is no formal student council, however the departments have established technical associations. These associations are run by the students and a teacher mentor is allotted to supervise the activities planned.

These Technical Associations conducted activities such as

- Model Exhibitions
- Design Contests
- Aptitude Tests
- General & Technical Quizzes
- Group Discussions
- Code Debugging Contests
- Poster Presentations
- Mock Interviews
- Training Sessions in Communication Skills

Besides these co-curricular activities, the technical associations conduct periodically extracurricular activities such as sports and games, recreational activities and cultural activities.

Also, these associations conduct extension activities such as awareness programs on Women Entrepreneurship, digital literacy, environmental awareness and health and hygiene.

Student engagement in administration: The heads of the department nominate the best students (1 boy and 1 girl) as class representatives for each section in all programs. These students

regularly apprise the concerned Head of the Department on issues such as student discipline, syllabus coverage, facilities and services and other academic issues to facilitate direct feedback and early action on issues, if any.

### 5.4 - Alumni Engagement

5.4.1 - The Alumni Association and its Chapters (registered and functional) contribute significantly to the development of the institution through financial and other support services

The institution has a functional alumni association called -

The activities of alumni association meetings are monitored and coordinated by Professor in-charge - Alumni Relations. Professor in-charge as key point of contact shall work to liaison between the parent organization and alumni.

Proposed activities:

- Appointment of a committee to draw up the by-laws or organizational outline
- Formal registration of the Association
- Appointment of other committees and delegation of responsibilities (communications, recognition, events, recruiting)
- Fund raising
- Scholarships and fellowships

**Broad outcomes:**

- Expert lectures by alumni in the advanced domain areas
- Awareness workshops on industry specific skills
- Alumni guiding students to industry internships and placements
- Feedback on program outcomes, program specific outcomes and curriculum
- Active participation in Boards of Studies to facilitate useful insights into curriculum and student development

**GOVERNANCE, LEADERSHIP AND MANAGEMENT****6.1 - Institutional Vision and Leadership**

6.1.1 - The governance of the institution is reflective of an effective leadership in tune with the vision and mission of the Institution

The institution is guided by the vision and mission for all its planning and development. A perspective plan to govern and manage the affairs of the Institution is devised as a guiding document.

**Vision:**

To carve the youth as dynamic, competent, valued and knowledgeable professionals who shall lead the Nation to a better future and to mould the institution into a Centre of Academic Excellence and advanced Research.

**Mission:**

- To provide quality education, student-cantered teaching-learning processes and state-of-art infrastructure for

professional aspirants hailing from both rural and urban areas.

- To impart technical education that encourages independent thinking, develops strong domain of knowledge, contemporary skills and positive attitudes towards holistic growth of young minds.

Nature of governance: Participatory

The employees and other prime stakeholders of the Institution participate in the decision-making process.

Perspective planning: planning is made in the areas - Academics, Finance and budgeting and administration with a focus on future development

Participation of teachers: The teachers are present in the apex bodies as well as all administrative and academic committees for smooth administration and functioning.

File Description	Documents
Upload any additional information	<a href="#">View File</a>
Paste link for additional Information	Nil

6.1.2 - Effective leadership is reflected in various institutional practices such as decentralization and participative management

Case: Monitoring of the attainment of student outcomes

- At the institution level, the benchmark values for the attainment of course outcomes, program outcomes and program specific outcomes are fixed and proposed in the academic council for approval. Also the assessment procedure is prepared and approved for implementation.
- At the department level, the program advisory committee and the Head of the department take the responsibility of monitoring the process.
- The module coordinators of each knowledge areas monitor the implementation of curriculum and attainment of the student outcomes as per the assessment procedure adopted.
- The members of faculty take care of course and attainment at the individual level.

The policy is taken top-down and implementation is done bottom-up for monitoring the assessment

## 6.2 - Strategy Development and Deployment

6.2.1 - The institutional Strategic/ Perspective plan has been clearly articulated and implemented

The strategic plan of the institution was made for 5 years starting from 2017-2018 for implementation.

Example of an activity successfully implemented: To conduct Value added courses in fe skills and transferable skills/ Career guidance programs/Certification courses for students from professional bodies and industry

To supplement the curriculum and foster better development of the student, the institution has planned to conduct add-on programs on life skills and transferable skills. This will enhance the employability of the students. Also, Career guidance programs and Certification courses for students from professional bodies and industry were planned and conducted. This will help the student in career placements, progression to higher education and entrepreneurship.

List of programs conducted for the year 2020-21

- Development of light weight concrete
- Noise Control of Buildings
- Building Drafting using AutoCAD
- Development of Self Repairing Concrete
- Electric Vehicles and Mobility
- Sensors and Sensor Circuit Design
- Cyber Security and The Internet of Things
- Solar Energy and Electrical System Design

- 3D Modelling and Assembly Using 3D Experience
- DELMIA using 3D Experience
- SIMULIA Using 3D Experience
- PCB Design Using Multisim
- LabVIEW software
- Ethical Hacking
- Data Analytics using R
- Machine Learning with python
- Data Science
- Data Visualization using R
- Women Entrepreneurship
- GST - Goods and Services Tax
- Enhancing Employability and Building a Career Path
- Technical Analysis
- Social Media Marketing
- MICROSOFT AZURE
- DBA-Functions in DB2
- Research Methodology
- Sustainable Environment
- Material Science for Engineers
- Constructive communication

6.2.2 - The functioning of the various institutional bodies is effective and efficient as visible from the policies, administrative set-up, appointment and service rules, procedures, etc.

The Governing Body of the Institution is the supreme authority consisting of eminent people from the promoting body and experts from the industry and academia. The Governing Body will be participatory in nature and will be looking into the implementation and evaluation of the institution's strategic plan and annual operating plan. The Governing Body of the Institution has delegated the authority of the Institution's day-to-day management to the principal. Principal through statutory committees such as Academic Council, Boards of Studies, Internal Quality Assurance Cell (IQAC) and Finance Committee and with other administrative committees manages the institution efficiently and effectively. The management is further delegated

to the Heads of the Department for better reach and monitoring.

### 6.3 - Faculty Empowerment Strategies

6.3.1 - The institution has effective welfare measures for teaching and non-teaching staff and avenues for their career development/ progression

The welfare measures for the Teaching staff are

1. Group insurance scheme
2. Incentives for achievement of high student pass percentages in courses
3. Incentives for research publications and books
4. Incentives for receiving research funding from external funding agencies
5. Study leave and financial assistance for qualification

**upgradation**

The welfare measures for the non-Teaching staff are

**Group insurance scheme**

#### 6.4 - Financial Management and Resource Mobilization

##### 6.4.1 - Institution conducts internal and external financial audits regularly

The Governing Body of the Institution monitors the Institution's arrangements for internal and external financial audit. The Finance Committee of the institution shall undertake and facilitate the process of Audit (both internal and external) and report to the Governing Body.

The internal audit of finance is done as day-to-day monitoring by the principal and the accounting team.

The external audit is done once in a year.

The generic audit objections encountered are:

- Payments without proper approval
- Late submission of bills
- Non recovery/adjustments of advances from employees/creditors
- Missing of entries
- Non-compliance of guidelines (travel, TA and DA)

The audit objections encountered are settled through appropriate compliance mechanism and is recorded.

#### 6.4.3 - Institutional strategies for mobilisation of funds and the optimal utilisation of resources

The institution mobilizes funds from sources through

- Collection of all types of fees
- Term loans
- Research funding
- Funds from schemes

Optimal utilization of financial resources:

The approved budget of all the departments and units is notified for effective implementation. The Finance Committee advices and monitors the implementation of budget. The sanction of funds shall be made on the basis of cash flows

#### 6.5 - Internal Quality Assurance System

6.5.1 - Internal Quality Assurance Cell (IQAC) has contributed significantly for institutionalizing quality assurance strategies and processes visible in terms of incremental improvements made during the preceding year with regard to quality (in case of the First Cycle): Incremental improvements made during the preceding year with regard to quality and post-accreditation quality initiatives (Second and subsequent cycles)

Periodic feedback of students on faculty:

The institution collects feedback of students on faculty which helps to fine tune the teaching quality

**Student Counselling:**

Student counselling is done by the mentors periodically which helps students in goal setting, career planning besides resolving their personal issues, if any

Paste link for additional information	Nil

6.5.2 - The institution reviews its teaching-learning process, structures and methodologies of operation and learning outcomes at periodic intervals through its IQAC as per norms

**Monitoring of**

- **Course files of the teachers:** the course files of all teachers are monitored regularly by the head of the department which ensures the information on the coverage of syllabi, course content methods, self-learning topics given among others
- **Attainment of Learning Outcomes of students:**

The attainment of course outcomes, program outcomes and program specific outcomes is monitored at the end of each semester which helps the teacher to adopt methods for improvement. Also, the survey information from alumni, students and employers will help identify the gaps which can be used to update the curriculum

7.1.3 - Describe the facilities in the institution for the management of the following types of degradable and non-degradable waste (within a maximum of 200 words)

**Solid Waste Management:**

- Adequate number of dustbins at each building and along the road side is provided. The frequency of solid waste collection is done twice in a week. And it is appropriately disposed through to the local Municipal authorities.

**Liquid waste management:**

- The institution installed a Reverse Osmosis (RO) plant for drinking water of the inmates on the campus
- Wastewater is generated from wash rooms, toilets of all buildings, canteen and messes is collected and transported by means of well-conceived drainage system.

**Biomedical waste management:** the programs offered and the research undertaken by the institution has nearly no biomedical waste. However little waste that comes from the dispensary is disposed following a standard prescribed protocol

**E-waste management**

The waste that is generated is collected and stored in a separate place before disposing it to the vendor

**Hazardous chemicals and radioactive waste management:** The institution conducts practical for undergraduate engineering students involving mild and less harmful chemicals. A few faculty members are conducting research using chemicals.

**Waste recycling system:** The management arranges for the disposal of the solid waste through the local Municipal authorities for recycling

7.1.8 - Describe the Institutional efforts/initiatives in providing an inclusive environment i.e. tolerance and harmony towards cultural, regional, linguistic, communal, socio-economic and other diversities (within a maximum of 200 words).

The college admits students from different states and countries which brings a large diversity to the campus. Multi-cultural and multi-national environment is helping the local students to get exposed to diverse cultures and helping them to develop as global citizens and vice versa. Also, members of faculty and staff are recruited from across India which is promoting a cosmopolitan nature among employees. The mess, canteens are provided with multi cuisine menus for the benefit of the students and employees.

Also, the college celebrates the cultural, regional and national festivals such as Sankranti, Ugadi, Holi, Swami Vivekananda Birth anniversary, Ambedkar Jayanthi, Good Friday, Ramzan, Bakrid, Dussehra, Diwali, New-year's day, Teacher's Day, Yoga Day, National Science Day, National Engineer's Day, National Mathematics Day, Fresher's Day, Induction and orientation on the campus. All the members of the faculty, staff and students fervently participate which is a great demonstration of unity in diversity.

Motivational lectures from eminent persons are arranged for personality development and to make them responsible citizens with inclusiveness and tolerance. In this way, the institution is making efforts in providing an inclusive environment

## 7.2 - Best Practices

7.2.1 - Provide the weblink on the Institutional website regarding the Best practices as per the prescribed format of NAAC

### Best Practice-1:

**Title of the Practice:** Student training for placement and higher education

**Objectives of the Practice:**

- To run the training centre with dedicated resource persons specialized in campus placement related skills.

- To offer a variety of training modules (soft skills and domain) to suit higher education or prospective career.

**The Context**

Most of the students are first generation students and their prime aspiration is to seek a job after the completion of the program. Hence to make them employable and industry ready it is imminent to conduct holistic training.

**The Practice**

- Opinion survey from the students on their career aspirations
- Conducting diagnostic tests to know the student basic domain and communication skills, logic and aptitude
- Developing modules for training
- Creating a comprehensive training plan and incorporating it into the curriculum
- Conducting training with internal and external experts

**Evidence of Success**

There is a considerable improvement in the employability of the students and they were placed in jobs through campus placements

**Problems Encountered and Resources Required**

**Challenges:**

- Embedding training into tight curriculum
- Creating student orientation towards training in spite of their curricular assignments

**Resources required:**

- Online training modules
- Expert trainers

File Description	Documents
Best practices in the Institutional website	<a href="https://svcetedu.org/igac2021/bestpractices2020-2021.pdf">https://svcetedu.org/igac2021/bestpractices2020-2021.pdf</a>
Any other relevant information	<a href="#">0</a>

### 7.3 - Institutional Distinctiveness

7.3.1 - Highlight the performance of the institution in an area distinct to its priority and thrust (within a maximum of 200 words)

**Student progression to Higher studies and Career placements:**

The institution in its strategic plan has included training and placement as important objectives and strategies to achieve them have been clearly laid out. Also, the institution has set generic objectives for the programs offered as:

- Progression to higher education
- Career placement
- Entrepreneurship and
- Lifelong learning

As the institution is set in a rural background and most of the students aspire for a career placement and some to pursue higher education, the institution has strategically planned through a comprehensive training plan to achieve these student aspirations.

- The training modules are embedded in the curriculum as courses
- Expert faculty are recruited exclusively for training
- Special training in English language communication skills is given to help students coming from rural background as well as students from states like Bihar and countries like Nepal
- Platforms such as CodeChef are used to train the students in programming and computational skills
- Domain training is imparted to the students with the help of internal teachers and external experts
- Periodic interactions with senior HR managers of the industry through pre placement talks are arranged to make students abreast of the skills the industry needs.
- Training Assessment is done periodically to help students know their strengths

**Impact:**

Students' placement rate is good and students aspiring for Higher education are getting admissions in some of the best institutions

in India and abroad.

### 7.3.2 - Plan of action for the next academic year

- Introduction of Skill oriented courses as per revised Academic Regulations R-20 in all B. Tech programmes.
- Conduction of Value -added courses and Vocational courses as per Annual Operating Plan.
- Introduction of Digital Applications for Teaching - Learning.
- Revision of incentives for faculty publications and patenting.
- Conduction of events with alumni as resource persons.
- Periodic meetings of IQAC and other committees.
- Implementation of green practices.
